To

D. M. Narasinga Rao, Esquire, B.A.,B.L.,
Secretary to the Government of His Highness
the Maharaja of Mysore,
General Department.

SIR.

With reference to para 2 of your letter No.G.599-Geol.108-16-5, dated 17th July 1917, calling for information as to what sum would be required to carry on departmentally the investigation of the graphite discovered by Mr. Stromeyer, I have the honour to state that I have consulted the Chief Inspector of Mines in Mysore and Mr.P. Bosworth Smith, Superintendent, Kolar Gold Field Prospecting Department, in the matter, and that we consider it necessary to carry out fairly extensive operations to prove the extent of the deposit discovered by Mr. Stromeyer. The exposure of the deposit is rather obscure and its probable continuation further south to near Valagmadi hill from which a specimen of graphite was obtained by me in September 1910, has also to be proved. For these purposes a total sum of Rs.1,500/- may, in the first instance, be kindly sanctioned.

I have the honour to be,
Sir,
Your most obedient servant,

B. Jayaram.
Director (in charge),
Department of Mines & Geology.
